

Global Health Affiliate Registration Form

The Center for Global Health aims to coordinate, strengthen and expand global health activities within the UW-Madison and beyond through sustained partnerships and a network of Global Health Affiliates.

Affiliates support and benefit from a rich spectrum of global health educational opportunities through seminars and an annual symposium. The CGH will also catalyze and support interdisciplinary global health research, exchanges and service projects.

Global Health Affiliates are UW faculty, staff, alumni, students and others in the community who are interested and involved in global health. Global Health Affiliates will:

- Receive invitations and updates on activities of the CGH;
- Gain access to a data-base of global health affiliates which will enable you to network with individuals with similar geographic or topical interests; and
- Contribute to building a community of teachers, students and scholars engaged in understanding and addressing global health challenges.

Please allow 30 days for confirmation of your Global Health affiliate status.

1. Last Name _____
2. First Name _____
Email _____

3. Health Field

Medicine

Nursing

Pharmacy
